

They are the highest class of monster, second only to the Demon Lord.

"Demons."

Urgh

Their power causes humans and even other monsters to fear them, worship them, or attack them.

I am the same.

Every demon has its own individual race.

No two have the same race.

There are nearly 70 types of demon monsters.

I can't take this anymore!

TL Note: NTR, "netorare", when someone steals another's lover. Made from "ne" (to sleep with) and "torare" (to be taken/stealer)

She is changing the makeup and conjugation of the original word. First to "NT-ne" (Netorare), meaning not sleeping with, then to "NR" (Netorare), removing the "take/stealer" part of NTR and just turning it into "to be slept with"

She also deconstructs the word "jabor" and the phrase "want to sleep with" in a similar way to NTR

This isn't right, is it?

There's definitely something wrong with this outfit.

Are you *not* after all?

No, it is!
It's a totally normal casino costume!

You're sure as a bunny, too.

So were...

And...

Here!

We made it to the casino, senpai!

Yeah

Well

You see, Mimi-san?

So, what will you do about the prize you want?

I brought enough money to buy the coin to exchange for it, but as long as we're here...

Oh, it's the employees' notice...
It's wrong, after all.

Just imagine we're in a world of our own.

The males looking at you will mean nothing!

Demons are scary

It was so embarrassing walking through town...

Ugh...

I'm wearing it, too

It's cute, so don't worry

Should we head home, senpai?

No, I've still got one more idea.

It's kind of overdone, and I didn't want to do it.

?

When that kind of person comes to a place like this, they can get swallowed up.

and and...

Senpai is normally a serious and steady worker.

Sniffle

Huh?

This body has little magic.

I see!

Transformation magic
also affects your stats.

And also.

Bunny-senpai headed
to the fighting arena.

I'm getting
my revenge!
